

The Theater Seating with Center Aisle layout uses both conference room A and B. There are three sets of entry/exit doors into the conference room. When you walk through the first door, there is a screen that can be raised or lowered on the left-hand side at the front of the room, and at the back of the room towards the right-hand side are windows looking out at the Cleveland skyline.

This layout features two columns of rows from the front to the back of the room separated by an aisle. The columns face a podium at the front of the room. Each column has 14 rows, and each row has six chairs. There are 168 seats in total.
